Dear Mr. Nimbley:

From August 20 - 22, 2019 and September 24 - 27, 2019, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Delaware Pipeline Company, LLC's (Delaware Pipeline) procedures in New Castle, Delaware. As a result of the inspection, Delaware Pipeline was issued a Notice of Amendment on April 30, 2020, which proposed amendment of your procedures.

Delaware Pipeline submitted its amended procedures on or around May 29, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
