Dear Mr. Brown:

From March 22, 2021 to March 26, 2021, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code, inspected Delta Natural Gas Company, Inc's (DNG) procedures for its Canada Mountain Storage Field, located in Bell County, Kentucky. As a result of the inspection, DNG was issued a Notice of Amendment on December 29, 2021, which proposed amendment of your procedures.

DNG submitted its response to the Notice of Amendment on January 18, 2022. My staff reviewed the response, and it appears that the inadequacies outlined in this Notice of Amendment have been addressed.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
