Dear Mr. Hobbs:

From November 2 to 5, 2020 and April 26, 2021, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected Elizabethtown Natural Gas's (ENG) Cecilia Storage procedures for underground natural gas storage in Elizabethtown, Indiana. As a result of the inspection, Elizabethtown was issued a Notice of Amendment on February 24, 2022, which proposed amendment of your procedures.

Elizabethtown submitted its amended procedures on March 10, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
