Dear Mr. Litteken:

From May 3 through May 7, 2021, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted a pipeline safety inspection of Public Service Co. of Colorado's (PSCC) procedures for Roundup Underground Natural Gas Storage Facility in Morgan County, Colorado. As a result of the inspection, PSCC was issued a Notice of Amendment on August 18, 2022, which proposed amendment of your procedures.

PSCC submitted its amended procedures on September 16, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
