RE: Tri-States NGL Pipeline CPF No. 2-2005-5008

Dear Mr. Lamanna:

Enclosed is the Final Order issued by the Associate Administrator for Pipeline Safety in the above-referenced case. It makes a finding of violation and assesses a civil penalty of \$5,000. The penalty payment terms are set forth in the Final Order. This enforcement action closes automatically upon payment. Your receipt of the Final Order constitutes service of that document under 49 C.F.R. § 190.5.

Sincerely,

James Reynolds  
Pipeline Compliance Registry  
Office of Pipeline Safety

Enclosure

cc: Mr. Gerald E Schau, HSSE & Integrity Manager, BP Pipelines (North America), Inc.

Tri-States NGL Pipeline, L.L.C.  
Respondent.**

**CPF No. 2-2005-5008**

**FINAL ORDER**

On December 14-17, 2004, pursuant to 49 U.S.C. § 60117, a representative of the Office of Pipeline Safety (OPS), Southern Region conducted an on-site pipeline safety inspection of Tri-States NGL Pipeline facilities and records in Alabama and Mississippi, operated by BP Pipelines (North America), Inc.. As a result of the inspection, the Director, Southern Region, OPS, issued to Respondent, by letter dated May 11, 2005, a Notice of Probable Violation and Proposed Civil Penalty (Notice). In accordance with 49 C.F.R. §190.207, the Notice proposed finding that Respondent had violated 49 C.F.R. §195.402 and proposed assessing a civil penalty of \$5,000 for the alleged violation.

Respondent failed to respond within 30 days after it had received the Notice. Respondent's failure to respond constitutes a waiver of Respondent's right to contest the allegations in the Notice and authorizes the entry of this Final Order.

**FINDINGS OF VIOLATION**

**(Uncontested)**

Respondent did not contest the alleged violation in the Notice. Accordingly, I find that Respondent violated 49 C.F.R. Part195, as more fully described in the Notice:

49 C.F.R. § 195.402(a) and (c)(4)- failure to include in its O&M manual written procedures for conducting normal operations and maintenance activities and handling abnormal operations and emergencies procedures to determine and designate which pipeline facilities are located in areas that would require an immediate response by the operator to prevent hazards to the public if the facilities failed or malfunctioned.

This finding of violation will be considered a prior offense in any subsequent enforcement action taken against Respondent.

### ASSESSMENT OF PENALTY

Under 49 U.S.C. § 60122, Respondent is subject to a civil penalty not to exceed \$100,000 per violation for each day of the violation up to a maximum of \$1,000,000 for any related series of violations. The Notice proposed a total civil penalty of \$5,000 for violations of 49 C.F.R. Part 195.

49 U.S.C. § 60122 and 49 C.F.R. § 190.225 require that, in determining the amount of the civil penalty, I consider the following criteria: nature, circumstances, and gravity of the violation, degree of Respondent's culpability, history of Respondent's prior offenses, Respondent's ability to pay the penalty, good faith by Respondent in attempting to achieve compliance, the effect on Respondent's ability to continue in business, and such other matters as justice may require.

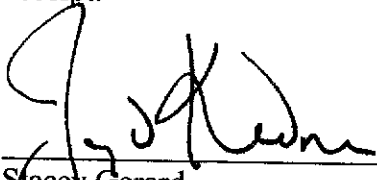

The Notice proposed a civil penalty of \$5,000, as Respondent failed to designate in its O & M procedures which pipeline facilities are located in areas that would require an immediate response by the operator to prevent hazards to the public if the facilities failed or malfunctioned. Respondent did not contest the allegation of violation. The primary objective of the Federal pipeline safety standards is safe operation of pipeline systems. Failure to comply with 49 C.F.R. §195.402(c)(4) could cause an untimely response by Respondent's personnel or exacerbate problems during normal operations, abnormal operations or in an emergency, resulting in an increase in the risk of harm to Respondent's personnel and the public. Accordingly, having reviewed the record and considered the assessment criteria, I assess Respondent a civil penalty of \$5,000 for violation of 49 C.F.R. §195.402(c)(4).

Payment of the civil penalty must be made within 20 days of service. Payment may be made by sending a certified check or money order (containing the CPF Number for this case) payable to "U.S. Department of Transportation" to the Federal Aviation Administration, Mike Monroney Aeronautical Center, Financial Operations Division (AMZ-120), P.O. Box 25082, Oklahoma City, OK 73125.

Federal regulations (49 C.F.R. § 89.21(b)(3)) also permit this payment to be made by wire transfer, through the Federal Reserve Communications System (Fedwire), to the account of the U.S. Treasury. Detailed instructions are contained in the enclosure. Questions concerning wire transfers should be directed to: Financial Operations Division (AMZ-120), Federal Aviation Administration, Mike Monroney Aeronautical Center, P.O. Box 25082, Oklahoma City, OK 73125; (405) 954-4719.

Failure to pay the \$5,000 civil penalty will result in accrual of interest at the current annual rate in accordance with 31 U.S.C. § 3717, 31 C.F.R. § 901.9 and 49 C.F.R. § 89.23. Pursuant to those same authorities, a late penalty charge of six percent (6%) per annum will be charged if payment is not made within 110 days of service. Furthermore, failure to pay the civil penalty may result in referral of the matter to the Attorney General for appropriate action in a United States District Court.

Under 49 C.F.R. § 190.215, Respondent has a right to Petition for Reconsideration of this Final Order. The petition must be received within 20 days of Respondent's receipt of this Final Order and must contain a brief statement of the issue(s). The filing of a petition automatically stays the payment of any civil penalty assessed. However, if Respondent submits payment for the civil penalty, the Final Order becomes the final administrative decision and the right to Petition for Reconsideration is waived. The terms and conditions of this Final Order are effective upon receipt.

for  
Stacey Gerard  
Associate Administrator  
for Pipeline Safety
