Dear Mr. Schach:

I am writing to grant Mr. Chuck Kanoy's extension request, as contained in his February 2 letter. Please provide the identified procedures no later than March 31, 2007.

I understand Vectren objects to the following phrase found on the first page of the Notice of Amendment: "As a result of the May 2006 inspection, your written procedures were found to be inadequate to assure safe operation of the pipeline as follows". Mr. Kanoy's has requested the language be removed from the Notice of Amendment and Vectren would like to reserve its right to request a hearing pending PHMSA's response. PHMSA is currently reviewing the language in the Notice of Amendment and your request is being taken under advisement.

Sincerely,

Linda Daugherty
Director, Southern Region
Pipeline and Hazardous Materials Safety Administration
