Attention: Ms. Linda Daugherty

Re: CPF No. 2-2007-1004H

Dear Ms. Daugherty:

Please reference the case number cited above. This letter is to notify you that Southern Natural Gas Company (SNG) is planning to dispose of the remaining pipe from the Elmore incident investigation. We consider the metallurgical work associated with the investigation to be complete and do not foresee a need to retain this pipe. Our plan is to dispose of this pipe at the end of this month, September 2007.

You may contact me at telephone number (205)325-7554 if you'd like to advise us of any reasons why you believe SNG should retain this pipe any longer. If we haven't heard from you by September 25, 2007, we will proceed with pipe disposal.

Your cooperation, as always, is greatly appreciated.

Sincerely,

Kenneth C. Peters
Manager – DOT Compliance Services
