Mr. N.C. Bowerman
Vice President of Operations
Hunt Crude Oil Supply Company
P.O. Box 211
Gilbertown, AL 36908

CPF 2-2011-5008M

Dear Mr. Bowerman:

From December 13-17, 2010, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) inspected the Hunt Crude Oil Supply Company (Hunt) written procedural manual for operations, maintenance, and emergencies at your Melvin, Alabama, pipeline office, pursuant to Chapter 601 of 49 United States Code. On the basis of the inspection, PHMSA issued a Notice of Amendment (NOA) on April 14, 2011.

Hunt responded to the NOA in a letter dated May 6, 2011. The PHMSA Southern Region reviewed the written response and subsequently held several telephone conversations with Hunt personnel. As a result, we find Hunt's response adequate. Therefore, this letter is to inform you that Hunt has complied with the terms of the NOA and that no further action is necessary with regards to the NOA. This case is now closed.

Please be advised that this letter refers only to the NOA (CPF 2-2011-5008M) and not to any other PHMSA pending cases. Also be advised that nothing herein states or implies that the above described procedural manual meets the requirements of the federal pipeline safety regulations or that the procedural manual is approved. The Hunt pipeline system and the procedural manual remain subject to inspection by PHMSA.

Sincerely,

Wayne T. Lemoj
Director, Office of Pipeline Safety
PHMSA Southern Region
