**CERTIFIED MAIL - RETURN RECEIPT REQUESTED**

February 1, 2012

Mr. Tim Heilig  
Vice President of Mechanical Operations  
Norfolk Southern Corporation  
1200 Peachtree Street NE (Box 184)  
Atlanta, GA 30309

**CPF 2-2011-6005**

Dear Mr. Heilig:

On September 28-29, November 30, 2009, and June 29, 2010, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) inspected the Norfolk Southern Corporation (NSC) Integrity Management (IM) program records and procedures for the Macon Pipeline at the Macon, Georgia office pursuant to Chapter 601 of 49 United States Code.

As a result of the inspections, PHMSA issued a Final Order to NSC on July 22, 2011. The Final Order included a Compliance Order (CO), which required NSC to take certain actions to protect the public and the environment.

In late August 2011, PHMSA received letters from both NSC and Buckeye Development & Logistics, LLC (Buckeye) confirming that as of July 1, 2011, Buckeye is the operator of the Macon Pipeline and implementing Buckeye's IM plan for the pipeline. Buckeye notified PHMSA by letter on January 20, 2012, that the Macon Pipeline has been integrated into Buckeye's IM plan and the CO items have been completed. Therefore, no further action is necessary with regards to this Final Order and this case is now closed.

Please be advised that nothing herein states or implies that the above described Buckeye IM plan meets the requirements of the federal pipeline safety regulations or that the Buckeye IM plan is approved. The pipeline system and Buckeye's written IM plan remain subject to inspection by PHMSA.

Sincerely,

Wayne T. Lemoi  
Director, Office of Pipeline Safety  
PHMSA Southern Region

cc: Mr. Thomas S. Collier, Vice President, Performance Assurance & Asset Integrity,  
Buckeye Partners, L.P.
