CPF 2-2012-6008

Dear Mr. Rose:

On September 14, 2012, the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS) issued Tampa Bay Pipeline Company (TBPL) a Final Order with an attached Compliance Order in the above-referenced case. The Compliance Order required TBPL to undertake certain actions to ensure compliance with the federal pipeline safety regulations.

Subsequent to the Final Order, TBPL took certain actions to comply with the requirements in the Compliance Order and provided the OPS Southern Region with documentation of those actions. Based on our review of the actions taken by TBPL and the supporting documentation, we have determined that TBPL has completed its actions with regards to the Compliance Order and the Final Order. This case is now closed and no further action is necessary with respect to the matters involved in this case.

Please be advised that this letter refers only to the above referenced order (**CPF 2-2012-6008**) and not to any other PHMSA cases, if any.

Sincerely,

Wayne T. Lemoine
Director, Office of Pipeline Safety
PHMSA Southern Region
