Dear Mr. Rose:

On May 13-17, 2013, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), Southern Region, Office of Pipeline Safety (OPS) inspected the Tampa Bay Pipeline Company (TBPL) control room in Tampa, Florida, pursuant to Chapter 601 of 49 United States Code. As a result of the inspection, PHMSA issued a Notice of Amendment (NOA) on September 4, 2013.

The OPS Southern Region has received and reviewed several written responses to the NOA from TBPL, including TBPL's final response dated July 22, 2014. Based on our review of these responses we have determined that TBPL has complied with the terms of the NOA. This case is now closed and no further action is necessary with respect to the matters involved in this case.

Please be advised that this letter refers only to the referenced NOA (**CPF 2-2013-6006M**) and not to any other PHMSA cases, if any.

Sincerely,

Wayne T. Lemoi  
Director, Office of Pipeline Safety  
PHMSA Southern Region
