CPF 2-2014-6002

Dear Mr. Rader:

On May 2, 2014, the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS) issued Enmark Energy, Inc. (Enmark) a Final Order with an attached Compliance Order (CO) in the above-referenced case. The CO required Enmark to undertake certain actions to ensure compliance with the federal pipeline safety regulations.

On July 31 and August 29, 2014, Enmark provided written notifications and documentation that it had completed CO Items 1, 2, 4, 5, and 6. OPS representatives reviewed this documentation at Enmark's office on September 24, 2014. The OPS Southern Region also granted Enmark two extensions to complete CO Item 3. Enmark provided written notification confirming the completion of CO Item 3 on December 23, 2014.

Based on our review of the actions taken by Enmark and the supporting documentation we have determined that Enmark has complied with the terms of the CO and the Final Order. This case is now closed and no further action is necessary with respect to the matters involved in this case.

Please refer to **CPF 2-2014-6002** in any correspondence referring to this matter. If you have any questions on any other pipeline safety issue, please contact my office at (404) 832-1147.

Sincerely,

Wayne T. Lemoi
Director, Office of Pipeline Safety
PHMSA Southern Region
