CERTIFIED MAIL - RETURN RECEIPT REQUESTED

September 4, 2014

Mr. David Vattimo
President & CEO
Epic Midstream, LLC
2100 West Loop South, Suite 900
Houston, TX 77027

CPF 2-2014-6003

Dear Mr. Vattimo:

On August 27, 2014, the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS) issued Epic Midstream, LLC (Epic) a Final Order with an attached Compliance Order (CO) in the above-referenced case. The CO required Epic to undertake certain actions to ensure compliance with the federal pipeline safety regulations. The actions in the CO were the same as those in a proposed CO issued to EPIC by the OPS Southern Region on March 10, 2014.

On June 20, 2014, prior to issuance of the Final Order, Epic notified the OPS Southern Region that it had completed the actions in the proposed CO. Moreover, on July 22, 2014, an engineer from the OPS Southern Region met with Epic personnel at Epic's Macon Terminal office to review the actions Epic had taken to comply with the proposed CO as well as the documentation to support those actions.

Based on our review of the actions taken by Epic and the supporting documentation we have determined that Epic has complied with the terms of the CO and the Final Order. This case is now closed and no further action is necessary with respect to the matters involved in this case.

Please be advised that this letter refers only to the above referenced order (**CPF 2-2014-6003**) and not to any other PHMSA cases, if any.

Sincerely,

Wayne T. Lemoie
Director, Office of Pipeline Safety
PHMSA Southern Region
