CPF 2-2017-5002M

Dear Mr. Chalson:

On September 12-15, 2016, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS), Southern Region inspected the Mid-Valley Pipeline Co. (MVPL) corrosion control procedures and records at your office in Hebron, Kentucky, pursuant to Chapter 601 of 49 United States Code. As a result of the inspection, PHMSA issued a Notice of Amendment (NOA) on April 12, 2017.

The OPS Southern Region has received and reviewed MVPL's response dated May 17, 2017. Based on our review of these responses we have determined that MVPL has complied with the terms of the NOA. This case is now closed and no further action is necessary with respect to the matters involved in this case.

Please be advised that this letter refers only to the referenced NOA (**CPF 2-2017-5002M**) and not to any other PHMSA cases, if any.

Sincerely,

James A. Urisko
Director, Office of Pipeline Safety
PHMSA Southern Region
