Dear Mr. Bieniawski:

From July 16 to July 17, 2018, pursuant to 49 U.S.C. § 60117, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS), inspected Freebird Gas Storage, LLC (Freebird) facilities, records, and procedures in Alabama. As a result of the inspection, OPS issued Freebird a Final Order with a Compliance Order (CO) on June 27, 2019. The CO required Freebird to undertake certain actions to ensure compliance with the federal pipeline safety regulations.

OPS Southern Region received multiple communications documenting Freebird's response to the CO, with all items confirmed as completed as of November 22, 2019.

Based upon our review of the actions taken by Freebird (as well as the supporting documentation), we have determined that Freebird has complied with the terms of the CO and the Final Order. This case is now closed and no further action is necessary with respect to the matters involved in this case.

Please be advised that this letter refers only to the above referenced order (**CPF 2-2018-1007**) and not to any other PHMSA cases, if any.

Sincerely,

James A. Urisko
Director, Office of Pipeline Safety
PHMSA Southern Region
