CPF No. 2-2019-1003

FINAL ORDER

On February 5, 2020, pursuant to 49 C.F.R. § 190.207, the Director, Southern Region, Office of Pipeline Safety (OPS), issued a Notice of Probable Violation (Notice) to Destin Pipeline Company, LLC (Respondent). The Notice proposed finding that Respondent had violated the pipeline safety regulations in 49 C.F.R. Parts 191 and 192. The Notice also proposed certain measures to correct the violations. Respondent did not contest the allegations of violation or corrective measures.

Based upon a review of all of the evidence, pursuant to § 190.213, I find Respondent violated the pipeline safety regulations listed below, as more fully described in the enclosed Notice, which is incorporated by reference:

49 C.F.R. § 192.805(b) (**Item 5**) — Respondent failed to have and follow a written qualification program that ensured through evaluation that individuals performing covered tasks are qualified.

49 C.F.R. § 192.805(c) (**Item 6**) — Respondent failed to have and follow a written qualification program that allowed individuals that are not qualified pursuant to subpart N to perform a covered task if directed and observed by an individual that is qualified.

These findings of violation will be considered prior offenses in any subsequent enforcement action taken against Respondent.

COMPLIANCE ACTIONS

Pursuant to 49 U.S.C. § 60118(b) and 49 C.F.R. § 190.217, Respondent is ordered to take the actions proposed in the enclosed Notice to correct the violations. The Director may grant an

extension of time to comply with any of the required items upon a written request timely submitted by the Respondent and demonstrating good cause for an extension. Upon completion of ordered actions, Respondent may request that the Director close the case. Failure to comply with this Order may result in the assessment of civil penalties under 49 C.F.R. § 190.223 or in referral to the Attorney General for appropriate relief in a district court of the United States.

WARNING ITEMS

With respect to Items 1, 2, 3, 4, 7, and 8, the Notice alleged probable violations of 49 C.F.R. §§ 191.22(c)(2)(i), 192.491(c), 192.616(a) & (b), 192.805(g), 192.905(a), and 192.947(d), respectively, but did not propose a civil penalty or compliance order for these items. Therefore, these are considered to be warning items. If OPS finds a violation of any of these items in a subsequent inspection, Respondent may be subject to future enforcement action.

The terms and conditions of this order are effective upon service in accordance with 49 C.F.R. § 190.5.
