Dear Mr. Simmons:

On December 2, 2019, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to Plantation Pipe Line Company (now Products (SE) Pipe Line) (PPL) a Final Order in the above-referenced case. This Order included a Compliance Order (CO) with remedial requirements to ensure PPL's compliance with the federal pipeline safety regulations.

In response to the CO, PPL made multiple submittals to OPS Southern Region, documenting its efforts toward compliance.

Based on our review of the documentation provided, PHMSA has determined that PPL has complied with the terms of the CO and the Final Order. This case is now closed, and no further action is necessary with respect to the matters involved in this case.

Please be advised that this letter refers only to the above referenced order (**CPF 2-2019-5004**) and not to any other PHMSA cases, if any.

Sincerely,

James A. Urisko
Director, Office of Pipeline Safety
PHMSA Southern Region
