**CPF 2-2019-7001**

Dear Mr. Hampton:

On April 30, 2020, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to Valero a Final Order in the above-referenced case. The Final Order included a Compliance Order (CO) which required Valero to undertake certain actions to ensure compliance with the federal pipeline safety regulations.

In response to the CO, Valero made submittals to OPS Southern Region, documenting its efforts toward compliance.

Based upon our review of documentation of actions taken, we have determined that Valero has complied with the terms of the CO and the Final Order. This case is now closed and no further action is necessary with respect to the matters involved in this case.

Please be advised that this letter refers only to the above referenced order (CPF 2-2019-7001) and not to any other PHMSA cases, if any.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Urisko".
