Re: CPF No. 3-2009-5019

Dear Mr. Christensen:

On August 6, 2010, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to ONEOK North System, LLC a Final Order for CPF 3-2009-5019. The Order included a Compliance Order and the requirement to take corrective actions on your North System assets in the Morris and Lemont, IL areas. On September 3, 2010, we received correspondence from you detailing what was done to comply with the Final Order. Based on that response, as well as some follow-up documentation provided by your personnel, it has been determined that you have complied with the terms of this Order.

Accordingly, this case is now closed and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

David Barrett
Director, Central Region
Pipeline and Hazardous Materials Safety Administration
