Dear Mr. Ries:

On October 4-8, 25-29, 2010 and November 1-4, 2010, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected the operation and maintenance procedures for MoGas Pipeline LLC (MoGas) at your offices in St. Peters, MO. As a result of the inspection, MoGas Pipeline LLC was issued a Notice of Amendment on June 9, 2011, which proposed amendment of your procedures.

MoGas Pipeline LLC submitted its amended procedures on October 31, 2011. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

David Barrett
Director, Central Region
Pipeline and Hazardous Materials Safety Administration
