Dear Mr. Brewer:

On May 3 – 6, 2011, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Enable Midstream Partners (formerly CenterPoint Energy) Public Awareness Program procedures in Shreveport, Louisiana. As a result of the inspection, CenterPoint Energy was issued a Notice of Amendment on June 27, 2013, which proposed amendment of your procedures.

Enable Midstream Partners submitted amended procedures on August 13, 2013. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

for Allan C. Beshore  
Director, Central Region, OPS  
Pipeline and Hazardous Materials Safety Administration
