CERTIFIED MAIL - RETURN RECEIPT REQUESTED

February 21, 2020

Mr. Kelcy L. Warren
Chief Executive Officer
Energy Transfer Partners, L.P.
3738 Oak Lawn Avenue
Dallas, Texas 75219

CPF 3-2014-1008S

Dear Mr. Warren:

On December 24, 2014, the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety, issued to your subsidiary, Panhandle Eastern Pipe Line Company L.P. (PEPL), a Notice of Proposed Safety Order (Notice) in the above-referenced case. The Notice resulted from an investigation of the safety of PEPL's pipeline system, including incidents that occurred on November 28, 2013, on PEPL's 400 line approximately 4.7 miles downstream of the Houstonia compressor station near Hughesville, Missouri and the October 13, 2014 failure on the 100 line near Centerview, Missouri. Both incidents resulted in significant fire and emergency response requirements. As a result of the investigation, the Notice alleged apparent conditions existed on the PEPL's pipeline system that posed a pipeline integrity risk to the public safety, property or the environment.

In response to the Notice, PEPL requested an informal consultation, whereupon the parties engaged in good faith discussions that resulted in a Consent Agreement that was signed by PEPL and OPS Director, Central Region, on April 1, 2015. On April 16, 2015, a Consent Order incorporating the terms of the Consent Agreement was issued resolving the Notice.

Since its issuance, PEPL has worked toward completing the requirements of the Consent Agreement and Order. In a letter dated January 15, 2020, PEPL submitted its final quarterly report, as required by the Consent Agreement and Order, and requested closure of the case. PHMSA OPS Central Region has reviewed PEPL's request and confirms that PEPL has met the terms of the Consent Agreement and Order and is hereby closed. Furthermore,

consistent with the provisions in Section IX, Termination, of the Consent Agreement and Order, PHMSA will continue to monitor PEPL's ongoing implementation of the processes and procedures created to comply with the Consent Agreement. The closure of the Consent Agreement and Order does not impact PEPL's obligations with respect to any other enforcement action, either by PHMSA or another agency.

Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Allan C. Beshore". The signature is fluid and cursive, with the first name being the most prominent.

Allan C. Beshore
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration

cc: Mr. Eric Amundsen, Senior Vice President Operations, Energy Transfer, L.P.
Mr. Alan Mayberry, Associate Administrator of Pipeline Safety, PHMSA
