CERTIFIED MAIL - RETURN RECEIPT REQUESTED

November 6, 2018

Mr. Michael C. Pearson
Vice President of Asset Integrity
Magellan Pipeline Company, LP
One Williams Center,
OTC-9
Tulsa, Oklahoma 74172

CPF 3-2015-5003H

Dear Mr. Pearson:

On May 15, 2015, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to Magellan Pipeline Company, LP a Corrective Action Order (CAO) in the above-referenced case. This Order included required actions to be taken on and along your pipeline. Based on our review of the documentation you provided, it has been determined that you have complied with the terms of this Order.

Based on the successful completion of the required items outlined in the CAO referenced above, PHMSA approves Magellan's request to restore the operating pressure on the El Dorado to Kansas City #6-10" refined products pipeline to its pre-release operating pressure. To ensure the continued safe operation of the El Dorado to Kansas City #6-10" line, PHMSA Central Region will continue to monitor and evaluate Magellan's progress and the results of the measures contained in the integrity verification plan for satisfactory completion.

Accordingly, this case is now closed. Thank you for your cooperation in this matter.

Sincerely,

Allan C. Beshore
Director, Central Region
Pipeline and Hazardous Materials Safety Administration
