Dear Mr. Haugen:

On May 9-13, 2016, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Coffeyville Resources Crude Transportation, LLC's (CRCT) procedures in Bartlesville, Oklahoma. As a result of the inspection, CRCT was issued a Notice of Amendment on September 19, 2016, which proposed amendment of your procedures.

CRCT submitted its amended procedures on October 20, 2016 and December 23, 2016. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

for 

Allan C. Beshore
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
