Dear Mr. Minielly:

On October 3<sup>rd</sup> -14<sup>th</sup>, 2016, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of White Cliffs Pipeline, LLC procedures in Colorado, Kansas, and Oklahoma. As a result of the inspection, White Cliffs Pipeline, LLC was issued a Notice of Amendment on May 11, 2017, which proposed amendment of your procedures.

White Cliffs Pipeline, LLC submitted its amended procedures on June 6, 2017. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

for Allan C. Beshore  
Director, Central Region, OPS  
Pipeline and Hazardous Materials Safety Administration
