Dear Mr. Norman:

On November 28 through December 2, 2016, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Dakota Midstream's procedures near Alexandria, North Dakota. As a result of the inspection, Dakota Midstream was issued a Notice of Amendment on April 21, 2017, which proposed amendment of your procedures.

Dakota Midstream submitted its amended procedures on May 22, 2017. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Allan C. Beshore

Director, Central Region, OPS
