Mr. Saul Flota
President
Wolverine Pipe Line Company
8075 Creekside Drive, Suite 210
Portage, Michigan 49024

CPF 3-2019-5015M

Dear Mr. Flota:

On May 22, 2017 through July 20, 2017, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Wolverine PipeLine Company procedures in Illinois, Indiana, and Michigan. As a result of the inspection, Wolverine Pipe Line Company was issued an Order Directing Amendment on September 3, 2020, which ordered amendments of your procedures.

Wolverine Pipe Line Company submitted final amended procedures on September 18, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Order Directing Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
