Re: CPF 3-2019-6010M

Dear Mr. Andrews:

On January 24-26, 2017, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected Paradigm Midstream Services – ND, LLC (Paradigm) procedures for operations, maintenance, control room, operator qualification and public awareness in Keene, North Dakota. As a result of the inspection, Paradigm was issued a Notice of Amendment on November 26, 2019, which proposed amendment of your procedures.

PHMSA received Paradigm's amended procedures on December 23, 2019. My staff reviewed these procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

for Allan C. Beshore
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
