Re: CPF 3-2020-5017M

Dear Mr. Koby:

On June 10-September 13, 2019, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Express Holdings(USA), LLC (Express Holdings) procedures in Casper, WY. As a result of the inspection, Express Holdings was issued a Notice of Amendment on October 7, 2020, which proposed amendment of your procedures.

Express Holdings submitted its amended procedures on November 6, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
