**Re: CPF 3-2020-5022M**

Dear Mr. Ramsey:

On March 6 through August 16, 2019, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Flint Hills Resources, LLC (FHR) procedures in Wichita, KS. As a result of the inspection, FHR was issued a Notice of Amendment on October 14, 2020, which proposed amendment of your procedures.

FHR submitted its amended procedures on November 11, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs  
Director, Central Region, OPS  
Pipeline and Hazardous Materials Safety Administration
