Mr. Gerald Maret, President
Olympic Pipeline Company
30 S Wacker Drive,
Chicago, IL 60606

CPF 3-2021-004-NOA

Dear Mr. Maret:

From August 3 through 19 and October 12 through 16, 2020 a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Olympic Pipeline Company's (Olympic) procedures. As a result of the inspection, Olympic was issued a Notice of Amendment on January 29, 2021, which proposed amendment of your procedures.

Olympic submitted its response on February 19 and amended procedures on March 1, 2021. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
