Mr. Mark Hewett
President & CEO
Northern Natural Gas Company
1111 South 103rd Street
Omaha, NE 68124

Re: CPF 3-2021-1001M

Dear Mr. Hewett:

Between May 13 and August 22, 2019, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Northern Natural Gas Company's (NNGC) procedures in Omaha, NE. As a result of the inspection, Northern Natural Gas Company was issued a Notice of Amendment on February 10, 2021, which proposed amendment of your procedures.

Northern Natural Gas Company submitted its amended procedures on February 24, 2021. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Gregory A. Ochs
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
