Re: CPF No. 4-2002-1003

Dear Mr. Mohn:

On December 30, 2003, the Office of Pipeline Safety (OPS) issued a Final Order to Transwestern Pipeline Company. The order assessed a civil penalty of \$10,000 and specified actions to be taken to comply with the pipeline safety regulations. Based on the recommendation of the Director, Southwest Region, OPS, it has been determined that Transwestern has complied with the terms of that order. Accordingly, this case is now closed and no further enforcement action is contemplated with respect to the matters involved in this case.

Sincerely,

James Reynolds
