Dear Mr. Hatchett:

During the week of August 30, 2010, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected West Texas Gas, Inc. procedures for integrity management in Amarillo, TX. As a result of the inspection, West Texas Gas, Inc was issued a Notice of Amendment on August 22, 2011, which proposed amendment of your procedures.

West Texas Gas, Inc. submitted its amended procedures on October 13, 2011. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you that no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

R. M. Seeley  
Director, Southwest region  
Pipeline and Hazardous Materials Safety Administration
