RE: CPF 2-2011-1007

Dear Mr. Seeley,

This letter is written in response to Notice of Amendment (NOA) CPF 4-2013-1003M dated January 25, 2013 and received by CenterPoint Energy Gas Transmission (CEGT) January 28, 2013.

This response addresses inadequacies PHMSA identified within CEGT's procedures while inspecting construction work near Saratoga, AR between August 28th and October 25th, 2012.

CEGT has amended Construction Specifications No. 100, No. 102, No. 103 and No. 201B to reference the proper standards as listed in 49 CFR 192.7, as per your letter.

CEGT believes in a safety culture and is committed to the continuous improvement and effectiveness of our pipeline safety programs as exhibited by the steps taken to address the issues identified in this response.

If you have any questions concerning the actions we have taken, please feel free to call me.

Sincerely,

A handwritten signature in black ink that reads "Walter L. Ferguson".
