Re: CPF 4-2014-1004

Dear Mr. Seeley,

This letter constitutes the request of Enable Gas Transmission, LLC ("EGT") and Enable Mississippi River Transmission, LLC ("MRT") (collectively, the "Enable Pipelines")¹ to the Notice of Proposed Violation ("NOPV") and Proposed Compliance Order (collectively, the "Notice") issued by the Pipeline and Hazardous Materials Safety Administration ("PHMSA") on April 1, 2014 in Docket No. CPF 4-2014-1004. The Notice was received in our offices on April 2, 2014. Enable Pipelines will be contesting item 1, but will not be requesting an oral hearing. Enable Pipelines will be submitting written explanations, information and other material in answer to the allegation in the Notice. Thus Enable Pipelines respectfully requests a 30 day extension of time (to June 1, 2014) to submit our response to the Notice.

The Enable Pipelines have always stressed, and will continue to stress, the importance of pipeline safety. Our actions specified in this letter show our commitment to addressing safety issues. We are continually working to improve the effectiveness of our Pipeline Safety Program. Please contact me if you have any questions regarding this request for extension.

Sincerely,

CC:
