Re: CPF No. 4-2014-5017

Dear Mr. Creel:

On February 12, 2015, a Final Order was issued in the above-referenced case. It made a finding of violation, issued a warning of a second probable violation, and specified actions to be taken by Enterprise Products Operating, LLC, to comply with the pipeline safety regulations in a Compliance Order.

Enterprise has met with PHMSA over the course of the past year, and has responded by e-mail on April 5, 2016 with its final report, detailing the actions taken in response to the Final Order with supporting documentation.

Upon review, it has been determined that Enterprise has completed all of the terms and requirements of the Final Order. This letter is to inform you that no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

R. M. Seeley
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
