Dear Mr. Moyer:

From April 2013 to February 2014, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected the Centurion Pipeline, L.P. (Centurion) procedures for Operations and Maintenance, and Integrity Management Plan in Houston, TX. As a result of the inspection, Centurion was issued a Notice of Amendment on November 10, 2014, which proposed amendment of your procedures.

Centurion submitted the requested procedural modification on December 15, 2014. The submittal was received in my office on December 16, 2014. My staff reviewed the amended procedure, and the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

R. M. Seeley
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
