Dear Mr. Bloom:

On April 15, 2015, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an accident investigation and reviewed documentation related to the accident at the T Station in Eddy County, New Mexico. As a result of the inspection, Western Refining Pipeline, LLC was issued a Notice of Amendment on March 15, 2016 which proposed amendment of your procedures.

Western submitted its amended procedures on April 14, 2016. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

R. M. Seeley  
Director, Southwest Region  
Pipeline and Hazardous Materials Safety Administration
