

CITGO Pipeline Company

P.O. Box 1424
Lake Charles, LA 70602

10/24/2016

R.M. Seeley
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration

Re: Case # - CPF 4-2016-5031M

Dear Mr. Seeley:

CITGO Products Pipeline Company is not contesting the referenced Notice of Amendment. CITGO has amended its Operations and Maintenance Manual to include added procedures relative to property damage and telephonic reporting. The revised text from our manual is highlighted within Section G, on page 11. We did not include the value of lost product text from the Interpretation Letter that was denoted within the NOA , since it is in conflict with current regulations of 49 CFR 195.52.

Please don't hesitate to contact me @ 337-802-1179 if you have any questions or if we need to discuss further.

Sincerely,

Robert B. Bertrand
Environmental, Health, Safety and Security Manager
CITGO Petroleum Corporation
