Dear Mr. Cluss:

On August 24, 2017, the Pipeline and Hazardous Materials Safety Administration issued to Williams Energy, LLC (Williams), a Notice of Amendment which proposed amendment of your procedures for Williams Energy Discovery (Williams)– Offshore Gas pipeline system

Williams submitted its amended procedures between October 5 and December 1, 2017. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

Accordingly, this case is now closed and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

Frank Causey  
Acting Director, Southwest Region  
Pipeline and Hazardous Materials Safety Administration
