Dear Mr. Warren:

On March 7, 2018, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to Lake Charles LNG Company, LLC a Final Order in the above-referenced case. This Final Order included a Compliance Order that required the respondent to complete all items and to submit documentation to the Southwest Region Director demonstrating the completion within 180 days of receiving the Final Order and a civil penalty.

On June 1, 2020, Lake Charles LNG provided documentation addressing completion of all items referenced in the Compliance Order. Based on our review of the information provided, it has been determined that you have complied with the terms the Compliance Order and made payment of the penalty, therefore, this case is now considered closed.

Thank you for your cooperation in this matter.

Sincerely,

Mary L. McDaniel, P.E.
