Graham Bacon
Executive Vice President, Operations & Engineering
Enterprise Products Operating, LLC
P. O. Box 4735
Houston, Texas 77210-47352

CPF 4-2017-5008M

Dear Mr. Bacon:

From March 4, 2015 through October 9, 2015, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Enterprise Products Operating, LLC's (Enterprise) construction procedures for its Rancho Pipeline system between Sealy and Houston, Texas. On March 30, 2017, PHMSA issued to Enterprise a Notice of Amendment (NOA), and subsequently issued an Order Directing Amendment (ODA) on August 11, 2020 to address outstanding concerns.

Enterprise submitted its last series of revisions on November 6, 2020. A review of these revisions found that they adequately address the requirements in the ODA.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Mary L. McDaniel, P.E.
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
