RE: CPF 4-2017-5022M Notice of Amendment

Dear Mr. Manning,

Frontier Energy Services, LLC (Frontier) is in receipt of the referenced Notice of Amendment dated June 20, 2017 (CPF 4-2017-5022M). We appreciate your comments concerning the apparent inadequacies within Frontier's procedures listed in the Notice of Amendment.

As covered in previous communication with your Houston office, on February 14, 2017, all of the DOT/PHMSA regulated pipeline systems that Frontier operated for Alpha Crude Connector, LLC, were sold to Plains Pipeline, L.P. Consequently, Frontier no longer operates any pipeline systems.

Despite Frontier no longer operating any pipelines subject to DOT or PHMSA regulations or otherwise, Frontier's management values the observations listed in the Notice of Amendment. As such, in the event Frontier owns or operates such pipelines in the future, Frontier intends to proactively incorporate all applicable provisions noted in the Notice of Amendment into our procedures to ensure compliance with DOT/PHMSA regulations.

Thank you for working with us on this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert W. Shain".
