Re: ONEOK NGL Pipeline, L.L.C., Notice of Amendment, CPF ⁴2017-5031M

Dear Mr. Causey:

On September 5, 2017, we received the Notice of Amendment (NOA), CPF 4-2017-5031M, issued to ONEOK NGL Pipeline, L.L.C. (ONEOK), on August 24, 2017, as a result of the Control Room Management (CRM) inspection that occurred May 23-27, 2016. The NOA identified six (6) items as apparent inadequacies found within the CRM Plan or procedures that require amendments to ONEOK's plans or procedures. ONEOK has elected not to contest the NOA and submits this response.

ONEOK's responses to items 1-5, which are specific to the CRM, are attached. The sixth item, which addresses our computational pipeline monitoring (CPM) procedure, will be submitted within the sixty (60) day requirement set forth in the NOA.

If there are further questions, you can contact Gary Numedahl at 918-595-1546 or gary.numedahl@oneok.com.

Sincerely,

Walter Allen
