Dear Mr. Wesley Stout:

From February 23, 2016 through April 14, 2016, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Energy XXI USA, LLC (EXXI) procedures in Houston, TX. As a result of the inspection EXXI was issued a Notice of Amendment on May 16, 2017, which proposed amendment of your procedures.

EXXI submitted its amended procedures on September 5, 2017. My staff reviewed the amended procedure, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Frank Causey  
Acting Director, Southwest Region  
Pipeline and Hazardous Materials Safety Administration
