Dear Mr. Prince:

On August 8, 2019, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to Centurion Pipeline LP (Lotus Midstream, LLC), a Final Order in the above-referenced case that included a civil penalty and Compliance Order. PHMSA has received the payment of penalty and has reviewed the records submitted in response to the Order. The Southwest region has determined the installation of Cathodic Protection on Tank 6689 and Tank 1878 satisfies the terms of the Compliance Order.

Accordingly, this case is now closed and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation.

Sincerely,

Mary. L. McDaniel, P.E.
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
