Dear Ms. Logan:

From July 31, 2017 through October 16, 2017, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Talos Energy, LLC (Talos) procedures in Houston, Texas. As a result of the inspection, Talos was issued a Notice of Amendment on July 24, 2018, which proposed amendment of your procedures.

Talos submitted its amended procedures on August 24, 2018 and January 7, 2019. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Mary L. McDaniel, P.E.
Director, Southwest Region
Office of Pipeline Safety
