FINAL ORDER

On September 16, 2019, pursuant to 49 C.F.R. § 190.207, the Director, Southwest Region, Office of Pipeline Safety (OPS), issued a Notice of Probable Violation (Notice) to ONEOK NGL Pipeline, LLC (Respondent), a subsidiary of ONEOK, Inc.¹ The Notice proposed finding that Respondent had violated the pipeline safety regulations in 49 C.F.R. Part 195 and proposed a civil penalty of \$63,900. Respondent did not contest the allegation of violation and paid the proposed civil penalty by wire transfer on October 15, 2019. In accordance with § 190.208(a)(1), such payment authorizes the entry of this final order.

Based upon a review of all of the evidence, pursuant to § 190.213, I find Respondent violated the pipeline safety regulations listed below, as more fully described in the enclosed Notice:

49 C.F.R. § 195.452(h)(4)(ii)(B) (**Item 1**) — Respondent failed to remediate a dent with metal loss on the bottom of the Lufkin to Mont Belvieu Loop Index 21084 10-inch pipeline segment within 60 days of discovery.

This finding of violation will be considered a prior offense in any subsequent enforcement action taken against Respondent. In accordance with 49 C.F.R. § 190.223, Respondent is assessed the proposed civil penalty amount of \$63,900, which Respondent has already paid in full.

The terms and conditions of this order are effective upon service in accordance with 49 C.F.R. § 190.5.
