Dear Mr. Mezey:

From September 23-27, 2019 and October 7-9, 2019, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected Epic Consolidated Operations, LLC (EPIC) records and procedures for its pipeline facilities in New Mexico and Texas. As a result of the inspection, EPIC was issued a Notice of Amendment on December 30, 2019, which proposed an amendment of your procedures.

EPIC submitted its amended procedures on February 5, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Mary L. McDaniel P.E.
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
